## EDUCATION

Technologist

UNAMA

 2021 - 2023

Technologist in Systems Analysis and Development at Universidade da Amazônia (UNAMA).

## EXPERIENCE

Programmer

Copar

 September/2023 - Present

Development of ERP for the dental clinic Copar, using: Angular, Java (Spring Boot), and PostgreSQL. The system includes modules such as inventory control, client registration, performance reports, financial management, and invoice issuance.

N2 Support

LanLink - Castanhal Forum

 March/2024 - Present

Specialized technical support for internal and external users (nearby municipalities). My main responsibilities include: Providing support for the systems of the Court of Justice of Pará (TJPA), maintaining networks and equipment, and attending to new clients.

Programmer

Ramos engineering - Castanhal

 2023

Development of ERP for the company Ramos Engenharia, using technologies such as Angular, Java (Spring Boot), and PostgreSQL. The system is designed for task control, report generation, payment integration, invoice issuance, and financial management.

IT Assistant

ATACADÃO S.A. - Castanhal

 May/2022 - October/2023

Providing support for software, networks, and equipment, server backup, generating performance reports for the branch, as well as sales analysis and other data.
